Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/20/04 has been entered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-5, 7-10, 13, 14, 21-25 are rejected under 35 U.S.C. 102(e) as being anticipated by Machek (6,187,025).

In regard to claims 1-5, 7-10, 13, and 14, Machek discloses a system including: a guide wire (135,123), stop member (137), a filter device (110), a delivery enabling element comprising compressing elements having an engageable element (114) and an engaging element/inner tube (125). Wherein the engageable element includes tab members (117,119), retaining ring (118). Wherein the engaging element includes inner

tube (125) having a plurality of slots (126) for receiving the plurality of tab members (117, 119).

In regard to claims 21-25, Machek disclose a system including all the structure limitations as claimed, which inherently carry out the step as claimed when the system is used (col. 7, line 29 to col. 8, line 62).

Response to Arguments

4. Applicant's arguments filed 12/20/04 have been fully considered but they are not persuasive. The stop (137) is a separate component and it is attached to a guidewire including components (135, 123). In the art, a guide wire can be short or long depending its use.

Allowable Subject Matter

5. The following is an examiner's statement of reasons for allowance: Claims 28-35 are allowed because the prior art fail to disclose a system comprising in combination with other limitations of the claims, a filter device slidable disposed on a guide wire.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to (Jackie) Tan-Uyen T. Ho whose telephone number is 571-272-4696. The examiner can normally be reached on MULTIFLEX Mon. to Sat..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, ANHTUAN NGUYEN can be reached on 571-272-4963. The fax phone
